SCIENCE FOR THE PROFESSIONS

Reference Letter for Mr. Tugay Alyıldız (Turkish ID number: 30103776434)

To whom it may concern,

Tugay Alyıldız has a very interest in Business and has truly excelled getting deeper knowledge in the courses he has taken with me and other professors here at University of Borås.

Tugay has passed all his courses to date (most of them with honours) and his English is on a near native level.

Character and personality (stability, perseverance etc).

Tugay is outgoing and social yet hard working and responsible. He is also a participant of Student Union activities and an inspiration to fellow students. To my knowledge, Tugay is in excellent health and has no medical issues.

I'm Confident that Tugay will perform well in any future endeavour he may undertake like he has with us here at University of Borås.

Any Services extended to this fine young man are highly appreciated
